**MINERVA LOCAL SCHOOLS PASSES**

The Minerva Athletic Department will be offering the following cost-saving plans. These passes must be purchased from the athletic office in Room 101 at the high school from 8 a.m.-3 p.m. The Student Pass, the Student-Athlete Pass, and the Athlete's Family Pass are available only to high school students.

**Student Pass:** All Minerva High School students will have the opportunity to purchase a Student Pass which provides admission to home events grades 9-12. A student pass will be sold for fall events, and another student pass will be sold for winter events. Each student pass will cost \$35, and the pass must be presented to gain entrance to the athletic events. If the pass is lost, another pass must be purchased at an additional cost of \$35. No reduction in pass cost will result. Abuse of the pass will result in immediate suspension of the pass privilege.

**Student-Athlete Pass:** All Minerva High School athletes will have an opportunity to purchase a \$10 Student-Athlete Pass which when presented provides admission to home events grades 7-12. If an athlete participates in a fall sport, a student-athlete pass can be purchased for all fall events. If an athlete participates in a winter sport, a student-athlete pass can be purchased for all winter events. If the pass is lost, another pass must be purchased at an additional cost of \$10. No reduction in pass cost will result. Abuse of the pass will result in immediate suspension of the pass privilege. The athlete must be in season to purchase a student-athlete pass.

**Athlete's Family Pass:** All Minerva High School reserve and varsity athletes' families will have the opportunity to purchase a Family Pass. **All paper work must be completed before the first official home contest in the respective sport.** This pass will entitle the immediate family (father, mother, and siblings that currently attend Minerva Local Schools) admission to all reserve and varsity contests of their child's sport. The cost of this Family Pass is based upon total eligible family members and the total number of scheduled reserve and varsity contests. When completing a family pass, all home contests for the sport **must** be included. The savings will be 40% of the regular admission price. **All paper work must be completed before the first official contest in the respective sport.**

A **Fantastic Pass** is available to the general public for adult admission to high school events. This pass has a \$56 value, but will cost \$45. When the pass's value has been exhausted, additional passes may be bought.

A **Senior Citizen Pass** is available to all retired senior citizens living in the Minerva School District who will be attending athletic events. This pass will cost \$25 and provides admission to all home athletic contests grades 7-12 for the current school year.
